Singercraft—The

You can make silky or woolly fur grow on Scotty dogs and kittens, or muffs and scarfs, or deep pile appear on rugs so fast that you are almost ready to believe that you are a magician. You simply wind the Singercraft guide with rug wool, angora yarn, sweater wool, skein silk, cotton or rayon yarn, or rag strips—depending upon what you are making—and stitch down the slot of the guide to a backing. Then, when your design is filled in, you cut the loops and shear them to get a smooth pile effect.

Scatter rugs are effective in Singercraft, and they closely resemble hand-hooked rugs. Almost any rug design may be followed.

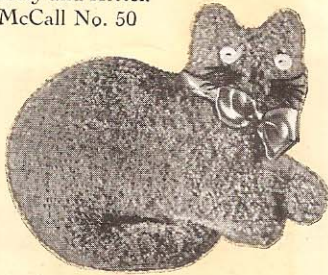

For beginners square rather than rounded designs are better, as the bathroom set, McCall design No. 41. This set is as practical as it is attractive made in cotton yarn in two shades of any color with black or white. The mat, made in wool, would be nice for a guest room.

New Sewing Art

Amusing animal pillows, as the Scotty and kitten, Mc-Call No. 50, or toys as the bunny, Pictorial No. 12698, may be made of knitting yarn using unbleached muslin for a foundation.

A charming and inexpensive scarf and muff set, as the one to the right, can be made for a child over any standard pattern. Trimming for dresses or wraps made by Singercraft has the advantage over fur that it dry cleans well and is inexpensive.

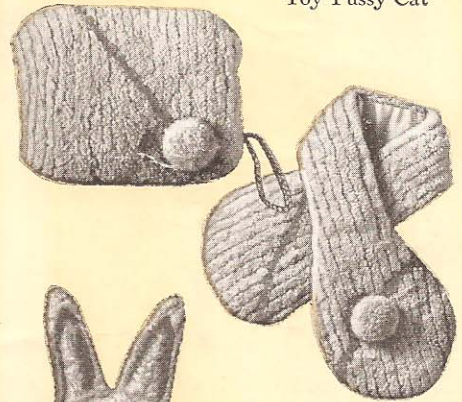

A complete Singercraft kit may be purchased at your Singer Shop for 50 cents. This package includes the Singercraft Guide, two transfer patterns, stamped crash backing, step-by-step directions, and many illustrations in actual colors of things to make. It takes but a few minutes to learn to do Singercraft—any Singer Shop will show you how. You will find that a little practice will make you very adept.
